Docket No. 98N-1265  
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have <sup>been</sup> using the compounded drugs from Madison P for years. Everytime I use a "standard" drug I get sick. I've been working with my Doctor & Madison & can only hope "you" will not allow that to change. Huge drug Companies can be very influential & they are always for the benefit of their Clients/
